

# Google Slides Rubric

Criteria points	Organization Content	Graphics	Text Style/Typography	Spelling/Grammar	Presentation
4	Information is organized in a clear, logical way. All questions are answered fully in well written paragraphs.	All graphics are attractive (size and colors) and support the theme/content of the slides.	Font type and Color does not distract from text or other graphics. Choice of text style is consistent from paragraph to paragraph and is appropriate for the topic.	The slides have no misspellings or grammatical errors.	Presenter uses a clear voice and correct, precise pronunciation of terms so that all audience members can hear the presentation.
3	Most information is organized in a clear, logical way. Did not answer one of the questions; or not all parts were answered.	A few graphics are not attractive but all support the theme or content of the slides.	Font type and Color does not distract from text or other graphics. Choice of text style is NOT consistent from paragraph to paragraph.	Slides have a few minor errors but don't distract from understanding of the content.	Presenter's voice is clear. He/she pronounces most words correctly. Most audience members can hear the presentation.
2	Some information is logically sequenced. Answered only about 50% of the questions.	All graphics are attractive but a few do not seem to support the theme/content of the slides.	Font type and Color does somewhat distract from text or other graphics.	Slides have frequent grammatical, and begin to distract from understanding of the content.	Presenter's voice is low. He/she incorrectly pronounces terms. Audience members have difficulty hearing presentations.
1	There is no clear plan for the organization of information. Only one or fewer questions were answered.	Several graphics are unattractive AND detract from the content of the slides.	Font type and Color does distract from text or other graphics. Choice of text style makes the content confusing and difficult to read.	Google Slides have constant errors and are making the slides confusing and incoherence.	Presenter mumbles, incorrectly pronounces terms, and speaks too quietly for a majority of students to hear.
